Traditional Lifting Electromagnet Series MW1, MW 2

Applications:

The products of series MW1 ,MW2 have never been produced since our company imported advanced foreign technology. But we produce small quantities in order to meet some customers 'needs. Meanwhile, most products have been adopted rugged-all-welded construction with the previous technical data.

Model	current (A)	lifting capacity (kg)			overall dimension (mm)		Mass (kg)
		Steel plate	Scraps	Steel ingot	φ A	H	
MW1-6	15	6000	80	200	700	800	492
MW1-6(Cast)	13.4	6000	80	200	776	884	640
MW1-16	35	16000	200	600	1100	1140	1350
MW1-16A/G	32.8	25000	-	-	1400	1175	3400
MW1-45	75	45000	600	1800	1650	1530	5520
MW1-45A	82	35000	-	1300-	1650	1210	2700
MW1-45B	71	35000	-	1500	1650	1210	3650

Model	current (A)	lifting capacity (kg)	overall dimension (mm)			Mass (kg)
			L	B	H	
MW2-0.5	5.7	500	570	200	950	203
MW2-1.5/G	17.9	1500	1000	400	917	718
MW2-3	11.3	3000	1200	400	840	400
MW2-5/G	31	5000	1700	620	745	3210
MW2-6/G	31.24	6000	1550	640	810	2400
MW2-8/G	31.4	8000	1668	1000	809	3230
MW2-32F	30.2	3200	1440	840	1192	2760
